DIRECTOR’S REPORT:

Tom Geoffino reported on the following issues:
+ Our library has completed its work in relation to the FY 2012/13 New York State Construction Grants specific to the Main Library Children’s area. The Main Library grant award is for $89,081 and calls for the replacement of the carpet, tables and chairs as well as the establishment of a signature entrance to the Children’s area. A second phase is under consideration and would consist of improvements and enhancements to the Children’s public service desk. The budget for these improvements is $15,000 and has been obtained from the NRPL Foundation in its FY2014/15 library grant.
+ Our FY 2013/14 New York State Construction Main Library $60,000 grant application (relating to the renovation of adult areas in the first floor and a section of the second floor.) as well as our FY 2013/14 New York State Construction Grant $11,600 Huguenot Children’s Library grant application (relating to the replacement of lighting and the reconfiguration of storage space at the Huguenot Children’s Library) has now received approval in Albany. We expect that the monies will be made available sometime in later July or August 2014.
+ Our 2 New York State Hazard Mitigation Grant letters of intent were previously approved by New York State. (This grant program is designed to assist local governments and non-profit organizations rebuild stronger, more resilient communities across all 62 counties in NY State.) We previously submitted 2 grant applications ($150,000 Emergency Lighting Project and $160,000 Emergency Generator - Phase 1) with next steps involving the analysis of the grants by New York State staff. A successful review will engender submission of the recommended grant application(s) to FEMA for final consideration.
+ Our Long Range Plan initiative is still in process. Staff has reviewed (and annotated) the consultant’s draft report. The Long Range Plan Committee (consisting of Chair Chris Selin, Haina Just-Michael, Emery Schweig, Greg Varian, George Walters and Tom Geoffino) are in the process of reviewing this annotated document. Future steps will include additional review by staff and Library Board. Following these efforts, the document will be forwarded back to our consultants for their evaluation and additional input.
