DIRECTOR’S REPORT:

Tom Geoffino reported on the following issues:

+ Main Library Circulation Desk/Area Project: In August 2017, our library submitted a FY 2016/17 New York State Construction Grant application in relation to work proposed for the Main Library Circulation Area Project. The proposed project will allow the library to create a newly reconstituted Circulation Area, including an ADA compliant desk with unified circulation, return and registration functionality, back office area, library/lobby gates, security desk with electronic The project is scheduled to begin on March 4th with the engagement of our various project vendors and subcontractors. We expect to see the major elements of the project to be in place by early April. The library will close for only 1 day (likely to be March 13th) due to the major demolition of the Circulation Desk and the subsequent necessity of its removal from our facility. Yadira Ramos- Herbert inquired about the library publicity plan of action relative to notifying our community about the closure of the library. Tom Geoffino responded that Community Relations was prepared to utilize social media, website notice, e-mail blasts, signage and word of mouth to inform library patrons regarding this matter.
+ Main Library 2nd Floor Renovation Project: In August 2018, our library submitted a FY 2018/19 New York State Construction Grant awards in relation to work proposed for the Main Library 2nd Floor Renovation Project. The WLS Board voted to confirm award our library of a tentative award of $140,000. Given the reduced grant award, we decided
to preserve the original scope of the project buy creating a multi-year phased approach in order to accomplish the goals and objectives of this important effort. The first phase of this reconfigured project will allow us to establish a new and enhanced Spanish Language area, renovated social service area (Handelman Business Opportunity Center, Help Room, Tutoring Room), Teen Room, Local History Room and retrofitted LED lighting. We will need to provide a match of $78,000 in order to qualify for this award. Next steps call for the New York State Library confirming the grant award pending Dormitory Authority of the State of New York support. The initial payment will likely arrive in August 2019.

+ **HCL Furnace/Boiler Replacement Project:** In August 2018, our library submitted a FY 2018/19 New York State Construction Grant awards in relation to work proposed for the Huguenot Children’s Library Furnace/Boiler Replacement Project. The project cost is $11,500 with our grant request for $8,625 in total. WLS has notified our library of a tentative award of $8,625. We will need to provide a match of nearly $2,875 in order to qualify for this award. Next steps call for the New York State Library confirming the grant award pending Dormitory Authority of the State of New York support. The initial payment will likely arrive in August 2019.

+ **Coworking Space:** To date, no further contact from the New Rochelle Downtown Redevelopment Initiative regarding our Coworking Space grant application status has been forthcoming.

Ms. Ramirez-Link has been a valuable hourly staff member in our children’s and adult service area for nearly 20 years. No additional information regarding her start date is currently available but Board resolution in support of this personnel action will be taken at the March 14th Board meeting.
BUDGET COMMITTEE:

Budget Committee Chair Chuck Burke reported on the recent Budget Committee meeting re prospective FY 2019/20 library budget proposal. He indicated that 3 budget scenarios (developed by Tom Geoffino and library team in consultation with the Budget Committee) are under consideration. Chuck noted that the highest scenario, Option 3, is a 3.91% increase, but pared down from the 6.07% per the original submission. The other 2 scenarios include: Option 1 – 0% (or flat) and Option 2 – 2% (NYS Tax Cap compliant.) Chuck declared that the FY 2019/20 budget will adopted at the March 14th Board meeting but promised that all options will be shared with Library Board members far in advance of this meeting.

BUILDING AND GROUNDS COMMITTEE:

Chair Sarah Langlois reported that CROC/Buildings & Grounds Committee draft building audit RFP is still awaiting additional input prior to its posting. Upon completion of this task, the posting will be available on our website and sent to professionals with experience in this sort of work. Sarah also indicated that she is working with Tom Geoffino and HCL Children’s Library staff, as well as a landscape architect, regarding potential improvements to the HCL patio space and surrounding spaces in order to honor the Partnership for the Huguenot Children’s Library (PHCL) and its founding members. Tom Geoffino provided an update on the status of the nonfunctioning library elevator. The elevator modernization vendor is scheduled to begin their work on Monday, February 25th. Once the first phase is complete, our waterproofing vendor will install a solution to prevent the influx of any future water. The elevator vendor is scheduled to return 2 days later to complete the project and thus restore elevator service to our facility. While Tom Geoffino articulated a certain degree of skepticism regarding this schedule (and the intentions of the vendor), he is remaining cautiously optimistic that service will be brought online in the near future.
