

Write a Color Poem

Write a poem about your favorite color and how you feel about it. Remember to use all your senses - and your imagination to write what that color might taste like or even smell or sound like.

An example:

Blue

Blue is the color of a summer sky.
Blue is the taste of fresh blueberries in my cereal.
Blue is salt water waves on warm sand.
Blue is a mysterious deep lake.
Blue is cloudy skies and a storm coming.
Blue is wide open and calm and free.
Blue is all different feelings and thoughts just like me.

Be as expressive and creative as you want to be. Feel free to take a crayon or marker and design your finished poem in the colors of your poem.
