Narrative Report – Adult Services

April 2026

Department: Adult Services

Submitted by: Kira Aiello

Reporting Period: 04/01/2026-04/30/2026

April began with the conclusion of tax season. We assisted many patrons with locating and printing the necessary documents to complete their 2025 tax returns. It was a busy time at the main reference desk.

We are continuing to transition the responsibility for adult programming from the Community Relations Department to the Adult Librarian Department. A member of the adult services team is now the Head of Programming and Outreach Services. In this new role, he is actively involved in the RW250 committee. He is scheduling events throughout the coming year in support of RW250. On May 30th we will host an author talk with Emily Sneff, author of the newly published, *When the Declaration of Independence was News*. We will continue to support RW250 throughout the year with book discussions, trivia programs, and film screenings.

At the end of April we launched the Welcome Desk. Having a librarian situated in the lobby, visible as patrons arrive has proved to be a positive experience for both our staff and our patrons. Librarians are able to answer patron questions and provide guidance to the public as soon as they enter the library. We will continue to cross train clerical and librarian staff to ensure confidence and professionalism among all public service staff working at the Welcome Desk.

Narrative Report – Youth Services (April 2026)

Department: Youth Services

Submitted by: Ashley Bressingham

Reporting Period: April 1-30, 2026

In the Children's Room, the month began with special programs for the end of the spring break week. Attendees delighted in a lively puppet show, an Autism-friendly music and dance program, learned how creativity fuels innovation with Mad Science, made egg shaker maracas as well as slime, and played with our collection of regular and big board games. We also partnered with the NRPD for Books & Badges! Police Storytime & Craft. Participants enjoyed listening to stories read by the officers, made their own police badge button, and met a police dog!

The Children's Room finished up its Winter/Spring program calendar and we've been preparing for our May/June activities, which will be taking place in our Children's Garden (weather permitting). The kindergarten students from the New Rochelle public schools will be visiting in May and we've been getting ready for their class visits.

Bilingual Library Assistant Jessica Hernandez attended the City of New Rochelle's Earth Day Festival along with staff from other departments. Attendees learned about all of the programs and services we offer as well as filled out library card applications.

Children's Room Assistant Supervisor Ashley Bressingham and Bilingual Library Assistant Paola Garcia visited the Greenburgh Public Library and Scarsdale Public Library. At Greenburgh Public Library, they attended the monthly Youth Services meeting facilitated by the Westchester Library System (WLS) and learned about Greenburgh Public Library's library of things as well as viewed their new study pods. At both libraries, they visited the children's and teen spaces to start collecting ideas for our potential new space.

Spring arrived at HCL bringing Nature Tales back for several weeks, Once Upon a Craft with the local Girl Scouts, and the return of a program run by the NRHS Science Honor Society. On the weekends, we had some extra programming with the return of a favorite singer and musician, Sean Lowery, who always brings a variety of unusual instruments to share with the children and he brought a cowbell for the second session of the program.

On Earth Day, writer Karen Gardner led the Plant a Poem program - young patrons were able to write and/or draw on seed infused paper that they could take home with them. We even planted a few in our flowerboxes by the patio fence. Additionally, children were able to add seeds to dirt in small flowerpots to bring home as well.

With the arrival of warmer weather, we also saw more activity at the park, which means more activity at the library. There have been a lot of new babies as well as new families moving to New Rochelle and they're excited to find so much for families to do at our libraries.

The Teen Room partnered with the Scarsdale Robo Raiders robotics club and received a strong turnout during their presentation and demonstration. In April, the Teen Advisory Board meeting also garnered many teen attendees. Impressively, 70 teens logged over a staggering 203 hours of service at the library - continuing to provide essential support to the community through Cards for a Cause as well as Children's Programs and the special Adult Services high school yearbook scanning project.

- The website is in the final stages of being built by our provider, Library Market, and should be ready for review shortly.
- AARP finished the 2025 tax season with extremely strong results. Tim Oberg, our point of contact for the program shared this note on April 16:

The New Rochelle Public Library AARP Tax-Aide Team has completed its work for this season. We are very satisfied with the results and want to thank you and the library staff for their support. Without your extraordinary coworkers and beautiful facilities, none of what we accomplished would have been possible. Taxpayers always comment on how generous the library is in helping us help them.

This year was NRPL Tax-Aide's most productive season ever. We helped more taxpayers than any other location in Westchester County. We submitted 934 federal returns, compared with 875 last year. We also submitted a comparable number of state returns. In total, we helped over 1,200 local residents by preparing tax returns and answering tax-related questions for people who did not have us complete their returns.

There is a real demand for our program. Taxpayers arrived before the library opened to sign up for a turn with a tax preparer. It was not uncommon for 40 to 50 people to arrive at 9:00, when we began operations. Some waited several hours to be helped. They were polite and understanding, knowing we were working hard to provide the best service to as many people as possible.

Lisa Itzkowitz, Toby Sevush, and Ed Roddy deserve our eternal gratitude for everything they did to keep us going. Denise Link helped our taxpayers access the internet to find important missing tax information. The custodial staff was excellent at preparing the stage area and auditorium for our operation. You have an extraordinary team.

We look forward to joining you again next year and to helping the wonderful residents of New Rochelle.

Thank you again. We couldn't do what we do without you.

*Tim Oberg and Anne Chodosh
Local Coordinators, NRPL AARP Tax-Aide*

- Launched Tai Chi/Qi Gong with new instructor, Phil Coyle. We had a strong following for our Qi Gong class which ended in December. This program was extremely well received with 38 participants at each of the first two sessions (4/21 and 4/28)
- Launched spring session of beginner Mah Jong instruction/open play. Demand for instruction is extremely high, and participants are very pleased with the instructor.

Dear Friends and Neighbors,

As you may know, on Tuesday, May 19, New Rochelle residents will have the opportunity to vote on the Library proposed budget and bond. Over the past several weeks, I have had the privilege of speaking with residents across New Rochelle about the future of our Library. From neighborhood groups and community organizations to our two public information sessions and hearing in the Ossie Davis Theater, I have been deeply encouraged by the thoughtful questions, strong engagement, and genuine care people have shown for this institution.

One thing has become abundantly clear: the New Rochelle Public Library means a great deal to this community.

For generations, the Library has served as a place of learning, connection, culture, and opportunity. It has adapted alongside our city, but the building itself—its infrastructure and core systems—has not undergone major revitalization since 1979. The proposed bond represents an important opportunity to invest in the Library's future so it can continue serving New Rochelle for generations to come.

On May 19, while our community participates in the budget and bond vote, I will be in Washington, D.C. representing our Library as part of a national case study with the Library Design Institute. I am incredibly proud that our Library has been selected to take part in this important conversation about the future of public libraries and the evolving role they play in civic life.

It is especially meaningful to represent New Rochelle at such a pivotal moment in our Library's history.

Thank you to everyone who has taken the time to learn more, attend a session, ask questions, and engage in this process. However you participate, your involvement reflects the very spirit of community that makes this Library so special.

Our Library. Our Future.
